HOME TOWN FOLKS

The Noble L. Waits at 465 Mendocino have a new baby girl.

Mr. and Mrs. E. S. Hart are newcomers to Brisbane from San Francisco. They have bought a "home with a view" at 260 Trinity Road. Mr. Hart is with the Independent Elevator Co. of S. F. Welcome to our town.

New to our business district: Mr. and Mrs. Paul W. Smith, managers of the new Sweet Stop Ice Cream Shop at 165 Visitacion. They are BOTH veterans — Mrs. Smith a WAVE for over 2 years and Mr. Smith a Marine for 6 years. We know everyone joins us in wishing them success.

Mr. and Mrs. Hanchey of Mendocino Street left recently for a month's vacation deep in the heart of Texas.

Mrs. Ruth Mack's grandfather, M. F. Garwood, is visiting with her for two weeks. He is from Miami, and although he is 85 years old he is traveling alone on a tour of the United States.

Mr. and Mrs. Jean Fogleman are the proud parents of a baby girl, born June 17. They have named her Robin Jean. We hear she is as cute as her name.

Mr. and Mrs. R. C. Brown have moved to Brisbane from Rantoul, Illinois. Mr. Brown is employed by the Oceanside Iron Works in San Francisco. Mrs. Brown is a sister of Ruth Cress of the Brisbane Variety Store. The Browns live at 25 Inyo Street.

M. Sherman Cress is spending his vacation at Farrar's Park, Calif. Fishing is the lure up there; we hope he gets some big ones.

Mr. and Mrs. O. E. Threlkeld have a son, Charles Edward, born Friday 13th! Those born on this unusual date tell us it is very lucky for them; we hope it will be lucky for Charles. The Threlkelds live at 336 San Bruno Ave.

Mr. Geo. Radoff underwent a serious operation at St. Lukes Hospital and is recovering nicely.

Mrs. Edna High and daughter Sheila are visiting Mrs. Radoff from Placerville and are helping out while Mr. Radoff is recuperating.

On Friday, June 27, Mrs. Wanda Stone assumed management of the Anderson Appliance Store at 341 Visitacion Ave. (See advertisement elsewhere in this paper). Brisbane needs this type of business and we are sure that in such capable hands it will do very well. Mrs. Stone has lived in Brisbane for a number of years and her many friends wish her success in her new enterprise.

Mrs. Agnes Whitson left June 16 for Georgia where she will spend three months with her mother. The Navy has Mr. Whitson cruising in Alaskan waters.

Mr. and Mrs. Debert Sweet of Brisbane have recently adopted an infant son.

Miss Pat Hosking took her own horse to Salinas for the Rodeo, and rode in the colorful parade there. We are glad that Brisbane was represented by such an expert rider, and we know that she added to the success of the event.

Mr. and Mrs. Fred Schmidt are home from a week-end at Yosemite, and are planning a long trip later on in July, when they are going to the Utah Centennial. The highlight of the celebrations will be in Salt Lake City on July 24, where 100 years ago Brigham Young stood and looked at the great valley and said his historic "This is the place." For all the Utahns who can't be there — have a good time.

Mr. and Mrs. Donald Earl Dennis, of Apt. 10, 100 San Bruno Avenue, have a son born June 19. They have named him Donald Earl Jr., it is appropriate, as he looks like a small edition of his father.

Mr. and Mrs. A. F. Koch, of 271 San Benito Road, are on an extended vacation. They intend to tour Utah and Arizona. Mr. Koch is our Editor.

Mrs. Alvin Eckols of 400 Mendocino Street recently returned from a stay in British Columbia. She visited with relatives at Vancouver and Quesnell. The trip was made by air.

The Alan Bybee family has left for Utah for lengthy vacation.

We belatedly report that Jacqueline Wheeler, former resident of Brisbane, now Mrs. Dick Meyer of Spokane, Washington, gave birth to a girl, her second child, on April 28th. The child weighed in at 6 lbs. 12 oz.

Mothers Day was a joyous occasion for "Mom" at the John Chapman home, 765 Humboldt Road, when all of her children and grandchildren gathered for a family reunion.

Besides Mr. and Mrs. John Chapman, those present were Mr. and Mrs. John L. Chapman and son, Gary, of San Francisco, Mr. and Mrs. Warren P. Hamilton of Redwood City, Mr. and Mrs. Steve Wilson and daughter Ruth, of Tacoma, Washington, Mrs. Majel George and daughters Jaqueline and Janice, Mr. and Mrs. Leon H. Durham and baby, Esther Lee, Jess W., Fred, Olive, Blanche, Carl, Darrel and Vernetta Chapman, all of Brisbane.

The day was highlighted by a delicious fried chicken dinner prepared by the daughters.

At present publication, Mr. John Chapman is on the mend. He has been a bed for the past four months with arthritis. His many friends are glad to see that he journeys downtown occasionally with his sons, Jess and Fred.

The Henry Northways of 300 Klamath Street journeyed to Yosemite Park over the Memorial Day week-end. They recorded the highlights of the very pleasant trip with their movie camera.

Reverend Mr. Bennet and family in

Move to Study Incorporation

C. of C. Open House Meeting Results in Group Formation.

By Allan Adams.

Following a lengthy and rather heated discussion at the June Open House Meeting of the C. of C. a Committee was formed to thoroughly investigate and study the possible incorporation of Brisbane. The group comprises two members of every civic and social organization of the tract, all of which were represented at the meeting by members and officers.

Representatives of the guest groups were called on to present the views and plans of their respective organizations. Many of these brought forth questions from other participants and an exchange of ideas resulted. A consensus of opinion was obtained in that all groups, whatever their individual philosophy, have a common basis for unity, namely, the future of Brisbane.

One point was repeatedly brought to the fore: it is no longer possible to seek material improvement and help from the County Government; the people of Brisbane must act if there is to be progress.

A preliminary meeting of the Incorporation Investigation Committee is scheduled for this week. At that time an outline of work will be adopted. A cordial invitation is extended to any individual who wishes to work with the committee. Those interested please contact Mr. Art Kennedy.

American Legion News.

By Ted Bons, Commander

Brisbane Post 473 American Legion wishes to thank all organizations and individuals for the many beautiful flowers on Decoration Day. It was possible to decorate 450 graves of departed comrades. Many were from far off homes which otherwise would have been forgotten but the people of Brisbane remembered. Letters of thanks have come in to the Post for the people of Brisbane. We couldn't even open the door to the hall for flowers left during the night. It is difficult to thank each one individually, therefore we take this means to thank each and every one of you. Memorial Day 1947 was a great success.

Everybody is invited to attend our installation of new officers for the coming year. July 10, 1947 is the day and the time is 8:30 P. M. Come and watch this colorful ceremony. Refreshments will be served to all.

May we again invite all veterans to join. Meetings are held each second and fourth Thursday of the month. Come and meet your buddies.

the company of friends from Oakland spent a wonderful vacation during the month of May.

After spending several delightful days (their own description) in Brisbane, Mr. and Mrs. Sam Thompson left for their home in Inglewood, California. While in town they were guests of Mr. and Mrs. Holliday of 60 El Dorado Street. A leisurely trip home is planned, with many stops to visit friends enroute.

Highway Traffic Light to Operate July 15th.

Channelization and Installation Started after Years of Pleas.

On June 15th work started on the installation of a traffic light on Bayshore highway at the entrance to Brisbane, climaxing a public issue of several years standing. It is expected that the light will be operating on July 15th according to the plans of Chas. Harney Co., contractors to which the State let the job of channelization.

This badly needed improvement is largely the result of the determined efforts of civic groups and individuals led by the Brisbane Chamber of Commerce. Various members of the latter group have maintained an incessant drive for a safer entrance and exit to the town with letters to and personal calls on State officials for more than two years.

A complete stop-and-go signal is being erected at the junction of Bayshore Highway and the Old County Road. Highway 101 is being widened for a distance of about a thousand feet on either side of the intersection, allowing for a center channel or "dead lane", from which left-hand turns can be made into Brisbane. This arrangement is similar to that recently constructed in the Bayshore-Geneva Ave. section of the highway.

The present approach, the extension of Visitacion Avenue, to Brisbane will be closed after completion of the new project. It was pointed out that this will provide a safer recreational area for children.

Mozzetti's Service Station at the intersection was voluntarily closed at one point in the construction to assist the contractor.

"Fourth" Fete Off Derby will be Run.

San Francisco Officials to Observe Local Soap Box Race.

Although the annual Independence day celebration has been cancelled the Soap Box Derby will be run as scheduled on the Fourth of July. The official committee representing all the civic organizations of the tract fearing that the affair would be doomed to failure, decided to drop all plans except those for the "motorless gas-buggy" event.

Apparently a straw poll was informally taken which proved that most families plan to be out of town for the day, since the Fourth is the first day of a long week-end this year. While many families without plans for travel this weekend will be disappointed at this decision, the success of the day-long celebration would have been measured in terms of attendance which would unquestionably be small.

However, those looking forward to participating in and watching the Soap Box Derby are promised thrills and excitement. The San Francisco Officials of the National organization sponsoring the races all over the country will be on hand to observe the trials and the final. A member of the local committee has revealed that possibly

Letters to the Editor.

Mr. A. F. Koch
271 San Benito Road
Brisbane, California

Dear Mr. Koch:

We have noted in the Brisbane News Bulletin, June 1st edition, that an article was inserted regarding housing for United Air Lines personnel. We wish to take this opportunity of expressing our sincere thanks for inserting such an article. Your thoughtfulness in remembering United Air Lines is appreciated.

Very truly yours,
UNITED AIR LINES, INC.
C. M. Urbach
Regional Employment Manager
United Air Lines

William F. Aberle, a resident of Brisbane and a close personal friend of the writer, in a recent letter suggested that I write to you and introduce myself.

I have some land in Brisbane and intend to settle there as soon as I finish college. I am attending Woodbury College, majoring in journalism, under the G. I. Bill of Rights. Like many others I had my education interrupted because of the war.

Mr. Aberle also suggested that I send a short article to your paper, a copy of which he enclosed in his letter. I am not doing this at present because I do not feel that I am close enough to the Brisbane scene to write about purely local subjects.

However, I would be glad to send an occasional letter describing conditions here, if you think that would interest your readers. I have some contacts both in Hollywood and in local industry here. If I sent such a letter it would, of course, be without charge or obligation to you.

If you see Mr. Aberle, would you please tell him that I wrote you.

I would like to hear from you at your convenience.

Sincerely yours,
S. Dean Lipton
Los Angeles, California

Last month we had another spontaneous grass fire on the hills. The quick action of the neighbors who happened to be home averted a possible catastrophe.

Why do we have this problem? Every vacant lot owner should be taxed for grass cutting.

We constantly hear about the local juvenile delinquency problem. The solution is healthy, honest work for growing boys. A capable man who understands boys should have the grass cutting contract for the whole community and the adjoining hills.

Idle boys should be given employment and all should have reasonable wages for their work.

Marian Loheit
Kings Road
Brisbane

ETIQUETTE OF THE FLAG

The American flag should not be hoisted before sunrise nor allowed to remain up after sunset.

At "retreat", sunset, civilian spectators should stand at attention and uncover during the playing of the Star-Spangled Banner. Military spectators are required by regulation to stand at

attention and give the military salute. During the playing of the national anthem at retreat the flag should be lowered, but not allowed to touch the ground.

When the national colors are passing on parade, or in review, the spectator should, if walking, halt, and if sitting, arise and stand at attention and uncover.

When the national and state, or other flags, fly together, the national flag should be placed on the right.

When the flag is flown at half staff as a sign of mourning it should be hoisted to full staff at the conclusion of the funeral. The national salute is one gun for every State. The international salute is, under the law of nations, twenty-one guns.

Whenever possible the flag should be flown from a staff or mast, but should not be fastened to the side of a building, platform, or scaffolding.

When the flag is used as a banner the Union should fly to the north in streets running east and west and to the east in streets north and south.

When flags are used in unveiling a statue or monument, they should not be allowed to fall to the ground, but should be carried aloft to wave out, forming a distinctive feature to the remainder of the ceremony.

Guadaloupe Valley Plans Not Completely Formed.

Work is being rushed to complete the filling in of the marsh area on the Crocker Estate project before the end of the year. The only definite plans revealed are those for grading the southern rise, on which work was started in May, and the hill directly across the valley to the north before the winter rains commence.

It is the desire and ultimate plan of the Crocker Estate Co. to build small, two-story factories, on the site now being filled. This area would also include a business and shopping district. No large or heavy industry is contemplated.

Homes will be erected on the slopes adjoining the valley after the factory buildings are completed. Whether these will be of private dwelling type or the war-born mass housing project style is largely dependent on the demand created by the incoming workers.

Plans for school, police, fire protection and sanitation facilities for the area are still in the discussion and drawing-board stage and probably will be for the balance of this year.

In discussing the project's development Mr. Morton, of the Crocker Estate Legal division, pointed out that the high hill to the west of Brisbane is the best location for a television and Frequency Modulation radio transmitter. He also revealed that the Estate is well aware of the need for a road connecting Bayshore Highway with either Geneva Avenue or the Camino Real and have been working on this project for some time.

Macco Co. Helps with Fire Trail.

A fire trail running north and south along the hill west of Brisbane was cut by a bulldozer loaned by the Macco Construction Company, now engaged in filling and grading the Crocker property adjacent to Brisbane.

Through the efforts of Fire Chief Terry the cooperation of the division superintendent was obtained in scoring out this fire prevention swath. Should a fire start on the other side of the hill it would have to leap a trail which is thirty five feet wide before endangering Brisbane property. More important, a back fire operation can be put in motion if it is thought that the prevailing westerly wind is strong enough to help the fire breach the trail.

When the grass is tall,
And the roses fall,
And nobody wonders why,
It is July. S. H. S.

To mothers: A conscientious parent builds up a child's good points until his character falls into harmony with them much in the manner of an interior decorator working around one or two decisive colors in a room to achieve an artistic whole.
from Ladies' Home Journal

July is the month for picnicing, in the Redwoods, at the beach, or in our own back yards. Everyone likes to have at least one "specialty" to satisfy hungry appetites and provide the basis of a filling lunch. We have assembled a few for you:

Cheese Dip for Potato Chips: 2 package cream cheese, 1/2 pint cottage cheese, 1/2 pint cream, 2 buttons finely chopped garlic. Mix together all the ingredients and add the garlic. Whip to a soft consistency and place mixture in a bowl. Set bowl on a large tray flanked with potato chips. Dunk into this mixture with the chips as they are eaten. Delicious!

Deviled Eggs: Halve hard-cooked eggs length-wise; remove yolks. Mash and season. Refill egg whites with: 1: for 6 eggs use 2 tbsp. mayonnaise, 1 tsp. vinegar, 1/2 tsp. salt, dash pepper, 1/4 tsp. paprika and 1/2 tsp. dry mustard.

2: for 6 eggs use 2 tbsp. mayonnaise, 1 tbsp. horseradish, 1 tsp. chopped sweet pickles, 1 tsp. parsley, 1 tsp. salt, 1/4 tsp. dry mustard, and 1/8 tsp. paprika. Other combinations may include anchovies, parsley, chopped onions or chives and flaked tuna, salmon or crab meat.

Potato Salad: Combine 4 cold boiled potatoes, cubed; 1 small onion, chopped; 2 tbsp. parsley, chopped; 1 cup celery, chopped; 1 tsp. salt. Mix well with dressing made by beating until light and fluffy 4 tbsp. prepared mustard, 2 tbsp. light cream or evaporated milk, 2 tbsp. sugar, 2 tbsp. vinegar and 1/4 tsp. salt.

Helpful Hints to the Harried Housewife:

To prevent those many tiring steps when your youngster is "highchair" age and naturally messy at meals, attach a small rod to the back of the highchair on which to hang a washcloth, small towel and bib. You'll find cleaning up is quicker and easier.

To keep lemons, seal them in a mason jar; they will last 1 to 3 months.

For a handy help for those cleaning days, make a denim apron with a wide hem at the bottom. Stuff this

hem with cotton or a rolled-up turkish towel, and when you "get down to business" on those kneeling jobs of dusting, waxing and scrubbing you will have your kneeling pad with you.

July Gardens: Watering is the most important job in July. Water in the morning; watering late in the day encourages plant disease.

Brisbane's best weather is in September and October; let's plant flowers now that will be at their loveliest then, so that we can enjoy our gardens to the full this year. For late summer, sow in sunny spots: zinnias, phlox, marigolds, nasturtiums and petunias; for shady spots: nicotiana (a beautiful night-scented flower) and mignonne. For winter bloom, sow in the sun: calendula, early cosmos, Fairy primrose, and wallflowers; for shady spots: cineraria and forget-me-not.

Spray regularly. Remove faded flowers consistently.

When you leave for that summer vacation, sink your flower pots in a shady spot in wet ground. They will keep moist for ten days to two weeks.

Shades of the Gay Nineties! Here is a description of a "ladies' luncheon" fifty years ago: "There were Parma violets at each place, looped from the chandelier to the purple and lace tablecloth with satin ribbons. The shades were drawn, and purple candles flickered elegantly among the nut dishes filled with sweetmeats. Lavender bows cluttered the tall stems of the wine glasses. The rolls wore stomachers of mauve ribbon and the ice-cream which came at the end of an elaborate repast was lavender too..." And by then so were some of the ladies as well. from Coronet.

RICHES.

I've never owned a river farm,
Nor storied house in town;
I've never had a ruby ring,
Nor silver-spangled gown.
I have not seen far mountains,
Nor strolled beside the sea;
And vows of deathless passion
Were never made to me.
Of riches such as these, sometimes,
A woman's dreams may be.

But these are things that I have had:
Blue Aprils, gold of sun,
A bit of garden by a brook,
Deep sleep when work was done.
A neighbor's cheery call at dawn,
And, best, I did not miss
An honest love, a home to mind,
And little hands to kiss.
What might a woman do, I ask,
With riches more than this?

Minnie Case Hopkins

REFIT FALSE TEETH AT HOME *New Way*

Not a Paste
Not a Powder

WORKS ON A
NEW PRINCIPLE

Here is a NEW, EASY, MONEY-
SAVING WAY TO QUICKLY make false
teeth FIT TIGHTER, creating greater
mouth comfort and reduces noisy teeth
chatter and bad breath from ill-fitting
plates. Entirely new method. Merely apply
NUFIT to plate and place in mouth.
No heat needed. It soon solidifies, adjusting
plate snugly to contour of the
gums, making a better fit. NUFIT becomes
a part of the plate . . . solid,

tasteless, harmless, natural pink in
color, easy to clean and sanitary. Scientifically
designed to compensate for tissue shrinkage
and gum recession. Enables you to renew plates
at home. No mussy paste or powder to apply
daily. Saves money. Not a temporary measure.
One application lasts for months. If you
want to enjoy real mouth comfort once
more, buy NUFIT today. MONEY BACK
if not satisfied. Only \$1.00

Jean "Scotty" Radoff,

Owner

It isn't your position that makes
you happy, but your disposition.To avoid criticism: Say nothing, do
nothing, be nothing.**Mozzetti Girl Marries
Without Changing Name.**

Lena Mozzetti and Enrico Mozzetti were married at 5 o'clock in the afternoon of June 22 at St. Elizabeth's Church on Wayland Street in San Francisco. The church was filled to capacity, and there was a reception afterward at the Portola Hall. It was a formal wedding; the matron of Honor was Lorraine Beresini and the bridesmaids were Janet De Vincenzi, Lena and Elsie Horat. Clifford Mozzetti was the best man; the ushers were Arthur and Charlie Mozzetti.

The bride wore a gown of heavy white brocade with a long train and a long lace veil. The bouquet was of white baby orchids and bouvardia, and there was a crown of pearls on her fair hair. The attendants were dressed in filmy marquette, two in aqua and two in pale yellow, and carried old-fashioned bouquets.

The lucky couple are going to Switzerland on their honeymoon, and will visit the groom's parents while they are there.

HUMOR:

Sidelight on Communism:

Among the stories told of one of our famous financiers is the one which details how a change of heart once came to his valet — a good fellow, though he seemed to have "Red" sympathies. James was a good servant and as his socialism got no further than attending a weekly meeting, the financier never objected to his political belief. After a few months of giving permission to attend these meetings, his employer noticed one week that he did not ask to go. The next week he stayed at home again. The employer inquired.

"Sir", said the valet, with the utmost dignity, "some of my former colleagues have calculated that if all the wealth in the United States were equally divided, each individual would be the possessor of \$2,000 dollars."

He paused significantly. "Well," said the financier, "what of that?"

"Sir", came back the enlightened valet, "I have \$5,000 now."

Some Americans had been giving a recently arrived Chinese Army Officer some hints in etiquette, and thus primed he went to his first dance in Washington.

Within a few minutes he was bowing to his hostess and saying in dulcet tones: "What's holding up the works? Let's squirm, worm."

The newspaper editor was instructing the cup reporter in important details of his calling.

"Never state as a fact anything you are not absolutely sure about," said the editor. "To avoid putting the paper in the position of stating something which it may not be able to prove, you should always use the words 'alleged', 'claimed', 'reputed', 'rumored', and so on, unless you know positively that everything is true as stated."

The cub was sent out to get society items, and soon thereafter the following paragraph appeared in the society column:

"It is rumored that a bridge party was given yesterday by a number of reputed ladies. Mrs. Smith, it is said, was hostess. The guests, it is alleged, with the exception of Mrs. Brown, who says she comes from Illinois, were all local people. Mrs. Smith claims to be the wife of Alexander Smith, who is rumored to be doing a thriving business in town."

July 4, 1826: Died: On this 50th anniversary of the Declaration of Independence by coincidence unique in American history: Thomas Jefferson and John Adams.

from Coronet, 1946

Fireworks Prohibited.

A small fire, set by small boys carelessly using fire-crackers, was quickly extinguished by the Fire Department on June 17th.

This incident brings to mind the fact that the sale or use of fire-crackers or fire works of the self-propelled or self-igniting type is a violation of California State Law. Parents have been asked to cooperate with the authorities by refusing to purchase the inevitable illicitly available fireworks for their children.

Broom Causes Fire.

The long Memorial Day week-end was interrupted for seventeen members of the Brisbane Volunteer Fire Dept. when a broom accidentally fell against a hot stove pipe in the Dagley home, 106 Solano Street, on May 31st.

Quick response to the alarm turned in at 9:15 A. M. brought the flames under control before much damage could be done. Although hoses were stretched for several hundred feet, a small stream of water from the pump truck confined the fire to the ceiling and attic of the dwelling, and the equipment and men started back to the fire-house at 9:45 A. M.

Open Fires a Hazard.

Fire Chief Terry has asked that all residents of Brisbane be reminded that open fires during the months of July through August are a violation of a Fire District Ordinance, constituting a misdemeanor. He also pointed out that contained fires must be extinguished by 4 P. M.

These are fire preventive measures to be practiced during the hot, dry summer months when a small, uncontrolled trash blaze can easily become a large conflagration destroying property.

America.

A nation that numbers only 6% of the world's population has for its convenience:

70% of all automobiles

50% of all telephones

45% of all radios

34% of all railroads

It uses for its convenience:

56% of all silk

53% of all coffee

51% of all rubber

It produces for its convenience:

62% of all the oil

53% of all the corn

50% of all the cotton

34% of all the coal

32% of all the copper

30% of all the iron

No other "ism" but Americanism can better our present standard of living and no other way of life but the American way can create a world of better opportunity.

SCOUT AND CUB NEWS.

The joint committee of the Annual Scout Carnival gratefully acknowledges and says "Thank you" to the residents of Brisbane and to our friends of Scouting far and near who bought tickets or attended the carnival held June 14, 1947.

Also our appreciation for the good will, cooperation and generous financial support of the various social, fraternal and business organizations of our enterprising community that made the Carnival a success. Those who participated are: Brisbane Firemen's Social Club and its Ladies Auxiliary, Brisbane Post 473 of American Legion and its Ladies Auxiliary, Brisbane Chamber of Commerce, Parent-Teacher Association and the Teen Agers.

These merchants contributed to make the Annual Cub and Scouting program a success:

Phil's Fountain, Mr. Fred Ratoff. Hillside Pharmacy, John Garsimovich, Jr.

Sunrise Bakery, Mrs. D. D. Stout. Fountain of Youth, Mrs. C. G. Frank. Brisbane Drug Co., V. V. Gilman. John de Marco, 23 Club.

Brisbane Hardware and Supply, Dick and Charlie. (Dick Schroeder and Charlie Dixon).

Dr Fred Lawrence, local physician, gave a physical examination to seventeen Scouts prior to their summer encampment.

Local Man to see Brother after 40 Years.

Harry Holliday is coming from Lafayette, Indiana some time this summer to see his brother, a Brisbane resident living at 60 El Dorado Street, for the first time in over 40 years. Word of this impending reunion has started plans for a gala celebration in motion. The Indiana brother is being

driven West by his son, Harry Jr., a World War II veteran with many campaigns in his memories, in a new auto recently purchased.

The visitors expect to see all the wonderful sights of California and will make Brisbane the base of operations.

The tour from Indiana will be made through the Southwest; the visitors will return via the central route.

Palmera Minnick.

Funeral Services were held at Nieri Chapel in South San Francisco Friday June 20, for Palmera Minnick, 60, of Brisbane, who passed away June 18th. She had been ill for some time. Surviving are Mr. Gordon Minnick, husband, a daughter, Ernestine Love of Tennessee, and other relatives in Virginia.

Deceased was one of the earlier residents of Brisbane, coming here when the settlement was in its infancy. She was employed in the old post office for some time, and came to know many people who will mourn her passing.

Reverend Smith of Oakland, formerly of the Brisbane Baptist Church, officiated at the services.

Popular Local Couple Wed.

Miss Eleanor Scott and Fred Schmidt Jr., were married the morning of June 7th at the Church of Visitation. The bride was lovely in a lace-trimmed white satin gown. On her head she wore a coronet of crystal beads, and her veil was full length, trimmed with lace to match the gown, and covering the long train. Her bouquet was of deep American Beauty roses, tied with streamers of white satin ribbon. The bridesmaid was the bride's sister Wilma, who wore a bouffant gown of pink net over satin and carried an old-fashioned bouquet. The best man was the groom's brother Paul.

There was a large attendance both at the church and at the reception given later at the American Legion Hall in Brisbane by the bride's mother. The couple went to Yosemite on their honeymoon, and plan to live in Brisbane for a while before moving farther down the peninsula to be closer to Mr. Schmidt's employment.

Lucy Gomez and Harvey Jans are Wed.

Guadalupe Church in San Francisco was the setting for the wedding Saturday evening, June 21st, of Lucy Gomez and Harvey Jans. The ceremony was followed by a reception at Guadalupe Hall. Maid of Honor was Betty Whitely and bridesmaids were Doris Hite, Dolores Hosking and Mary Shakelford. The best man was P. Hatch and ushers were H. Gaynor, J. Gomez and E. Swenderlauf.

The bride wore a white colonial style gown with white net trim and the family lace veil. She carried a bridal bouquet of white roses. The Maid of Honor was dressed in pink and carried blue flowers, the bridesmaids in blue with pink bouquets.

The couple are honeymooning at Lake Tahoe, Reno and Yosemite.

DO YOU SUFFER FROM MISERY

OF

ATHLETE'S FOOT?

NEW EASY WAY TO
GET QUICK RELIEF

DOUBLE MONEY BACK GUARANTEE

Every bottle of PED-I-TOSIS must relieve the misery of athlete's foot and is backed by a positive guarantee of a refund of double the purchase price if the results do not come up to your expectations.

Ask for PED-I-TOSIS • Only \$1.00

ON SALE AT BRISBANE DRUG, 49 VISITACION

Do your feet feel like they are "burning like fire"? Is the skin between your toes so sore that you are in agony "all over"? If so, you can really do something about it. PED-I-TOSIS, developed during war time and used by thousands of our soldiers to keep them marching, "kills" fungus infection on contact and helps allay the irritation between the toes. Also effective for ringworm and other foot infections. PED-I-TOSIS isn't greasy or heavy, leaves no odor. If you want quick relief from the itching torment of athlete's foot, buy a bottle of PED-I-TOSIS today. Don't put it off.

"FOURTH" FETE OFF; DERBY WILL BE RUN.

(Continued from page 1)

three or four of the Brisbane contestants will be asked to enter the regional event to be held in San Francisco in August of this year. It is expected that this extra incentive will put "pressure" on the race drivers providing keener competition and a classic contest.

Juvenile Crime Wave Halted.

Clever questioning of a youth who admittedly stole an automobile battery from a Brisbane resident solved the theft of cigarettes from Dagler's Market on Visitacion some time ago.

The boy involved in the battery case revealed that he and five others, whose names he gave, had broken into the Dagler place of business, and had made off with goods amounting to several dollars in value.

Del Ferree, Brisbane Patrol Officer, who conducted the investigation stated that these arrests would probably clear up several other mysteries in town. He also asked that similar groups involved in petty thievery be warned that he expects to "crack" other cases in the very near future. He could not, of course, reveal the evidence he has gathered.

All six of the boys were jailed in Redwood City. Because of their ages, no names have been given for publication. A trial date was set for June 30th. Results of the hearing were not available as we went to press.

Officer Ferree has also apprehended two young men who stole several hundred dollars worth of tools from the garage of Wm. Wiprecht three weeks ago. The tools were taken away in a car which broke down in Modesto. Leaving the auto in that town the boys returned to Brisbane. Mr. Wiprecht has recovered the tools with the aid of the State Police.

Jefferson Graduates Ten Brisbane Students.

Following a week of festivities highlighted by the annual Senior Ball, ten students from Brisbane graduated from Jefferson Union High School at 8 P. M., Wednesday, June 18th. This largest graduating group from Brisbane received their diplomas in Jefferson Auditorium.

The nine students who attended the Brisbane Grammar School together and graduated from the eighth grade four years ago in a group of thirty-seven were: Ruth Bigars, Richard Felton, Lucy Gomez, Doris Hite, Keith Johnson, Betty Pistohl, Mary Shackelford, Helen Stout, and Betty Whiteley.

Bob Geiss moved to Brisbane at the beginning of his freshman year.

Twelve years ago in a one room school behind the present Catholic church, Lucy Gomez, Doris Hite, Betty Pistohl and Helen Stout began their schooling in the 1. grade. It is very seldom that four students are able to be school companions through their grammar school and high school days.

One of the three California Scholarship Federation Life Membership awards was presented to Betty Pistohl who not only kept her scholastic records high, but also participated in numerous outside activities. In order to obtain the award, one must be able to receive ten points for six out of eight semesters. A's count 3 points, and B's count 1 point.

Graduate's Interests

Ruth Bigars is married and lives in San Francisco.

Richard Felton's home has been in Bayshore for the past year.

Lucy Gomez was married to Harvey Jans, June 21, in the Guadalupe church.

Doris Hite plans on attending San Francisco Junior College in the Fall.

Keith Johnson and Bob Geiss will be San Mateo Junior College students in September.

Betty Pistohl hopes to enter the University of California at Berkeley at the end of the summer.

Mary Shackelford is Mrs. Chuck Holar.

Helen Stout is the wife of Richard Blanchard.

Betty Whiteley, who recently moved to Redwood City with her family, will begin the fall semester at San Mateo Junior College.

Editors note: Our present high school news correspondent was graduated in the 1947 class. We wish to appoint a member of the Jefferson High student body living in Brisbane as our reporter for the 1947-48 term. Please contact J. Feit, 473 Mariposa Street.

South City Booster's Fiesta.

Brisbane residents who are staying in town over the Fourth of July weekend will be pleased to know that a short journey to South San Francisco at almost any time during the three days will bring them into the center of a gala celebration.

Mr. Lester Immerman, Chairman of the South City Boosters Fiesta, has extended an invitation to all in Brisbane.

Ball games will be played at Orange Park on Friday, Saturday, and Sunday afternoon. Parades are planned for Saturday and Sunday.

Street dancing on Linden Avenue, Saturday evening, as well as a dance at the American Legion Hall on Friday evening have been arranged.

Prizes will be given for the best Parade entrant, most unique set of whiskers and most resplendent western costume.

Minds are like parachutes — they only function when open.

Christian Life and Times

"Quiz" is one word that originally had no meaning. The manager of a Dublin theater, a Mr. Daly, in 1780 bet a friend that he could introduce a new word with no meaning into the language within 24 hours. He chalked "Quiz" on walls throughout Dublin. Overnight Dubliners began asking everyone they met what it meant. And that's how "quiz" was born.
